Fun, interactive
with a mix of **adventure.**

Our History Badges scout program is just that. Scouts of all ages will have a fun experience by completing scavenger hunts as well as other activities that will allow them to explore the Pioneer Village and our 8 acre Mary Kendall Steffee nature preserve. Bring them along for a fun interactive adventure where scouts can earn their badges while gaining a little history all at the same time.

Imagine.

-A TRAVELING HISTORY LESSON-

History ALIVE is a program where members from our museum come dressed as cowboys to classrooms throughout the county to educate students about their local history who don't have the means to visit our facility. Members come with actual artifacts from the museum as they tell the story of the early pioneers of Osceola County as well as lesson plans for teachers to use as follow up tools.

**Real Authentic
Pioneer Cattlemen.**

Cowboy Campfire is an evening program where students, teachers and parents come together with our volunteer cattlemen. Together, they sit around an authentic 1880's "Cracker Cowboy" campfire telling stories of the real pioneer cattlemen who forged the way through the palmettos and swamps to make Osceola County what it is today.

M.C. ESCHER

Valencia Community College

East Campus - Anita Wooten Gallery

Exhibition Dates: 10.23.08 to 11.15.08

Opening Reception: Friday, September 14, 2008

M. C. Escher was one of our original graphic artists. He was born in the year 1898 on July 17th, in Leeuwarden, Holland.

As a young boy he grew up in Arnhem where he went to secondary school. There he was encouraged by his teacher F. W. van der Haagen, who felt he had a unique ability to draw. At that time

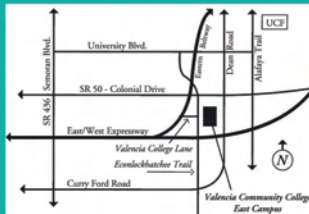

Until 1922 he was at the School of Architecture in Amsterdam. There he learned his woodcutting. The Mesquita had a very big influence on his wood-cutting on side-grain

In 1929 he would make his own woodcutting methods. It was an end-grain wood for printing
